\$5.50 is due FOR ANOTHER YEAR

Keen, Lee Millar, Clarence Straight, Harry Swan.....They all supplied animal sounds for radio listeners. Gilbert Mack may be added. He portrayed the howling dog on CBS Radio Mystery's "Lost Dog" with Kim Hunter.

THE TAPE DECK: From Ken Piletic: Collectors who record on used tape should always bulk erase the tape before recording on it. Don't depend on the erase head on your recorder to erase a tape completely. Most of the used tapes currently available have been recorded on equipment employing full-track or half-track heads. Erase heads on most of our home-type recorders do not line up with the recorded information, thus will not erase everything on the tape. The erase head does, however, line up with the record and play heads of the same machine. In fact the erase head is slightly wider than the other two heads. If this same tape is played back on a different machine, especially if it is a different brand; there is a strong likelihood that some of the old material will be heard in the background because the play head is not precisely in align with the other machine. Therefore it is wise to bulk erase a used tape first. There are a number of brands available and they all work....Carol Witte, 194 Wyndcliff Rd, Scarsdale, NY 10583 is still selling Capitol tape: 1800' at \$20.00 per dozen and 1200' at \$15.00 per dozen. This includes postage and handling...

MAILING: From Ed Peck: Did you know that even though you're paying for First Class, the postcard is not given first class handling. Cards that can't be delivered are not sent back to you but are considered dead-letter mail. If you are unsure about the address write a letter. Postcards can be returned if you write RETURN POSTAGE GUARANTEED on it...and pay an additional 8¢ when you receive it. Is that first class? Also Special handling is no longer a speedier way to send tapes. In fact they may be delayed. The best way is to insure them for \$50.00.

NEW ADDRESSES: Robert Pettit, 400 Central Park West #19R, New York City, NY 10025...Stanley Smallwood, 713 Seabreeze Dr, Seal Beach, Cal 90740...Charles Dougherty, Merion Gardens B-405, City Ave at Wynnewood Rd, Merion Station, Pa 19066. This image shows a blank, aged, light brown page, likely an endpaper or flyleaf of a book. The paper has a textured, slightly mottled appearance with some minor discoloration and small dark spots, possibly due to age or handling. There is a faint, illegible impression of text from the reverse side visible through the paper.

CURRENT RADIO DRAMA

The big news this year in radio drama is the appearance of the CBS RADIO MYSTERY THEATER. Their logo trademark can be seen at the above right (courtesy of CBS RADIO). The series, broadcast seven nights a week, is heard at different times in most parts of the country—the times varying with local station commitments. However, much of their programming to date has been exceptionally good. Our main criticism of the show is that some of the broadcasts would have been far better in a half hour format but their being drawn out to a full hour is a bit too protracted. Two half hour dramas back-to-back would be far better.

Afficianados of vintage radio can ponder nostalgically the lineup of well-known radio actors who have thus far appeared in the mystery dramas—Agnes Moorehead, Mason Adams, Bret Morrison, Santos Ortega, Ian Martin (who has also scripted some of the shows), Larry Haines as well as many others who are well-remembered. In addition, there are many established performers who have appeared whose names are new to this medium. While the acting of most is quite good, some of them have seemed less than familiar with the particular needs for radio drama. The host, Mr E.G. Marshall, possibly deserves better than to be expected to emulate the "Raymond" who hosted INNER SANCTUM (If they wanted Raymond, why not get the original—Raymond Edward Johnson who is alive and well and almost certainly available). His effectiveness in that position would probably be enhanced were he permitted to develop his own personal style.

As a guide to radio hobbyists, both present and future, we are going to try to include a log of CBS RADIO MYSTERY THEATRE broadcasts on an ongoing basis. Anyone who has attempted to log series from radio's previous heydays will know how difficult a task it is due to the paucity of extant data. Although there are repeats listed within the first two months of the show, this is possibly due to the scheduling problem of attempting to do 200 new broadcast for the year as well as well as dividing the production between East and West Coasts to take advantage of the talents in both locations. Also, since it is on 7 nights weekly, early repeats seem less innocuous than on TV since one is more apt to miss one of these shows due to other commitments on a certain evening.

DETECTIVE'S CORNER

Due to the long period since our last column, our commentary in this section will be somewhat extended. First on our list of new detective shows in circulation are three SHERLOCK HOLMES broadcasts starring John Stanley as Holmes. They are: THE CASE OF KING PHILLIP'S GOLDEN SALVER 2/29/48, THE CASE OF THE MISSING HEIRESS 10/5/47, and THE COPPER BEECHES 11/2/47. The scripting on all was done by Edith Meiser and they are long on the process of detection and short on violence. The acting is good and Stanley sounds so similar to Basil Rathbone that the late South African actor's friends refused to believe Rathbone's denials that he continued in the role. Of equal interest is the fact that an example of Tom Conway's interpretation of that master detective is now available: THE ADVENTURE OF THE INNOCENT MURDERESS 6/30/47. The criticism of Conway by contemporaries that he was "subservient" to the character of Dr. Watson played by Nigel Bruce (who had continued in the role for a year after Rathbone left) does not seem to be well founded if this show reflects accurately the others of this season.

Dashiell Hammett fans may delight to hear several of the shows based on his books are also newly in circulation. Foremost among them is the SUSPENSE broadcast of 1/10/48 which was a full 60 minute SAM SPADE adventure-THE KANDY TOOTH KAPER(sic). The script, written by EDGAR ALLEN POE MYSTERY AWARD winners Bob Tallman and Jason James, is at the same time a sequel to and a parody of THE MALTESE FALCON. The characters include Casper Gutman, Joel Cairo, Wilmer's brother as gunman this time, and a love substitute for the incarcerated Brigid O'Shaughnessy. In addition, "the Russian," Kemidov who was only mentioned in the original, appears as a participant in this broadcast. This is certainly a show to be recommended as it has just the right balance of spoof and seriousness-we are fortunate that William Spier was director of both programs to have combined them for this full hour show. Other new SAM SPADE shows are THE STOPPED WATCH CAPER 4/10/49 (with secretary Effie's sister Buffy filling in for her) and THE FLOPSY, MOPSY, AND COTTONTAIL CAPER, in which Sam suddenly finds he has a partner and a job in which he will wear a big bunny costume. Also of interest is a new complete U.S. FAT MAN-THE CROOKED HORSE 9/9/46 in which Brad Runyon finds himself involved with spies and missing plans (which in good old PURLOINED LETTER fashion, are really only a matter of misdirected attention).

A half hour adaptation of Raymond Chandler's short story TROUBLE IS MY BUSINESS provides the story line for an ADVENTURES OF PHILLIP MARLOWE of 8/5/47 which stars Van Heflin in the lead role. Heflin is good in the role he played for that one summer but he lacks the hard driving delivery of Gerald Mohr who succeeded him in that characterization. New titles featuring Mohr include THE RED WIND, THE ORANGE DOG, THE GOOD NEIGHBOR POLICY and THE SOUND AND THE UNSOUND.

In the popular ELLERY QUEEN series, new shows include THE ADVENTURE OF THE SINGING RAT 1/7/43 and THE ADVENTURE OF THE CIRCUS TRAIN 3/27/43 starring Carleton Young as Ellery and THE ADVENTURE OF THE SCARECROW AND THE SNOWMAN with Sidney Smith in the title role. All are complete network shows with commercials and the ARMCHAIR DETECTIVE feature of that show. A second show from the once popular MR CHAMELEON series is now circulating-THE CASE OF MURDER AND THE MILLION DOLLAR SMILE 4/24/53. Unfortunately, its story line is so similar to the widely circulated PERFECT MAID MURDER CASE that one who had never heard the original broadcasts might think there was little variety in the scripting. From the PURSUIT program, a new show is available with Ben Wright in the lead role of Inspector Peter Black of Scotland Yard (Ted Decorsia played the role in other more common versions). Wright's portrayal brings a little more polish to the role than his predecessor. A second show in the Green Lama series is in circulation: THE LAST DINOSAUR 7/3/49. In it, Jethro Dumont shows less reliance on his mystic powers for detection than in the previous example. An example of Wally Maher as Michael Shayne (who preceded Jeff Chandler) DEATH GOES TO COLLEGE 11/5/46 shows Shayne in a more light-hearted vein than Chandler's very hard-boiled portrayal. A final show of interest for this month is a new SHADOW (from home-disc)-Club of Doom 12/29/43.

All the above have been listened to and reviewed recently. Many more new finds are reported and will be listed as we receive copies.
